

FROM THE PROGRAMME

For each home game the study centre is asked to provide an article for the match day programme.

Charlie Tunnard and Aaron Mulligan of the Academy were interviewed by Y9 boys from Parkwood High School last week. The boy's task was to find out information about each player's career so far, their sporting heroes and the greatest game each of them has been involved in. The boys found out the most important game that Charlie has been involved in so far was a local derby between the Owls and Sheffield United and for Aaron it was an Under 17 game for the Republic of Ireland against Northern Ireland. The most famous player Charlie has met so far is Alan Shearer while Aaron's sporting hero is David Beckham. The articles will appear in the Parkwood School Newsletter.
